GM0220
Glass Door Chiller

GM0220L
Glass Door Chiller with lightbox

GM0300
Glass Door Chiller

These Glass Door Chillers are designed for the display of chilled products.
The cabinets can be decalced (additional charges apply - POA)

Standard Features

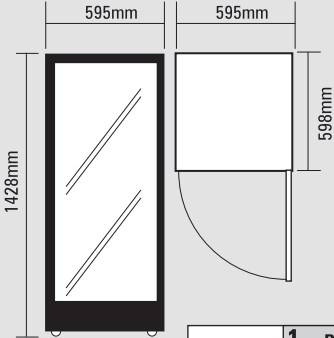

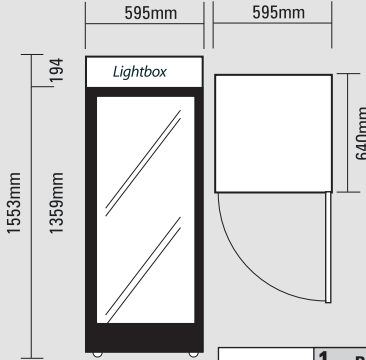

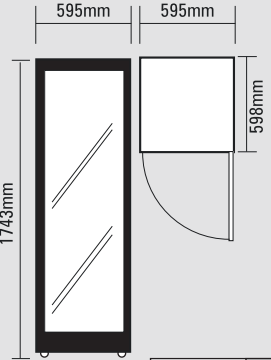

- Internal lighting for maximum product display
- Durable adjustable shelves
- Corrosion resistant outer body
- Digital temperature display
- Adjustable temperature control (+1 to +10° C)
- Tempered thermo glass door with aluminium frame - right hand hinged
- Double glazed door to reduce condensation

Styled kickplate

GM0660L

Hinged Glass Door Chiller with Lightbox

These Glass Door chillers are designed for the display of chilled products. The cabinets can be decalled (additional charges apply POA)

- Display lightbox - large
- Hinged, self-closing lockable door
- Adjustable temp. control (+1 to +10°C)
- High output internal vertical lighting
- Durable adjustable shelving
- Corrosion resistant outer body
- Thermo glass door with aluminium frame
- Double glazed door to reduce condensation
- Forced draft refrigeration
- Castor mounted (front lockable)
- Heat airflow over door prevents fogging

GM0875LS

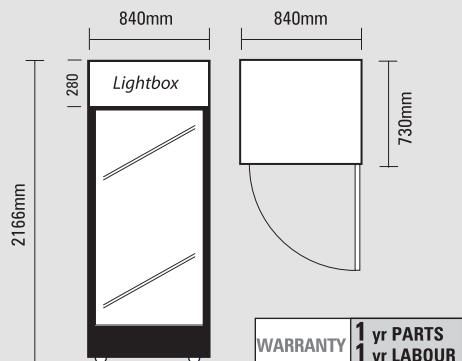

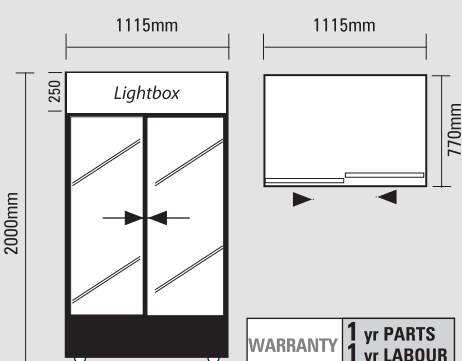

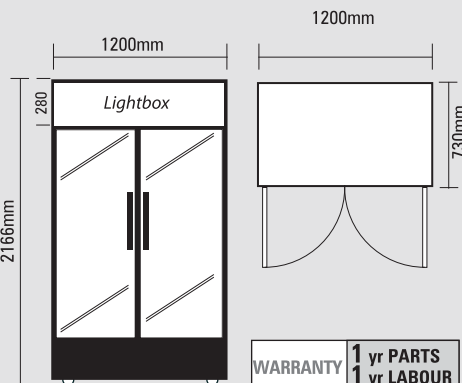

Sliding Glass Door Chiller with Lightbox

- Display lightbox
- 2 sliding self-closing doors
- Adjustable temperature control (+1 to +10°C)
- High output internal vertical lighting
- Durable adjustable shelving
- Corrosion resistant outer body
- Tempered thermo glass door with aluminium frame
- Double glazed door to reduce condensation
- Forced draft refrigeration
- Rollers for easy positioning

GM1000L

Hinged Glass Door Chiller with Lightbox

- Display lightbox - large
- Hinged, self-closing lockable doors
- Adjustable temp. control (+1 to +10°C)
- High output internal vertical lighting
- Durable adjustable shelving (staggered option)
- Corrosion resistant outer body
- Thermo glass door with aluminium frame
- Double glazed door to reduce condensation
- Forced draft refrigeration
- Castor mounted (front lockable)
- Heat airflow over door prevents fogging

Digital Temperature display
(measured from evaporator)

These Glass Door Sub Zero Chillers are designed for products requiring refrigeration at sub zero temperatures.

The lightbox and large temperature display ensures maximum visual effects. These cabinets can be decalced. (additional charges apply - POA)

GM0374LSZ

Sub Zero Glass Door with Lightbox

Standard Features

- Sub Zero temperatures
- Large visual temperature display
- Durable adjustable shelves
- Corrosion resistant outer body
- Product lighting
- Lockable castors

Heavy Duty Rollers and
adjustable legs

GM0450LSZ

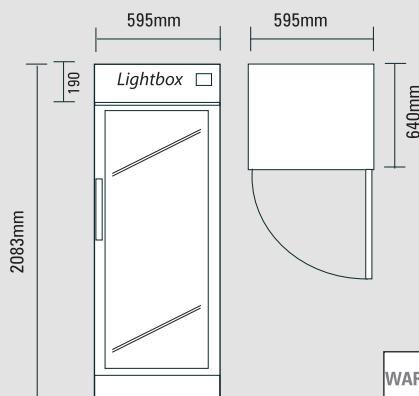

Sub Zero Glass Door with Lightbox

Standard Features

- Sub Zero temperatures
- Large visual temperature display
- Durable adjustable shelves
- Corrosion resistant outer body
- Product lighting
- Heavy duty rollers
- Adjustable feet/stabilizers

UF0374SDS
Solid Door Freezer (static)

This Solid Door Static Upright Freezer is designed for the storage of frozen products.
The cabinets can be decalced. (additional charges apply - POA)

Standard Features:

- White powder coated steel solid door
- Durable adjustable shelves
- Corrosion resistant outer body
- Adjustable temperature control (-14 to -19°C)
- Lockable Castors
- Fixed Shelves

UF0374S
Glass Door Freezer (static)

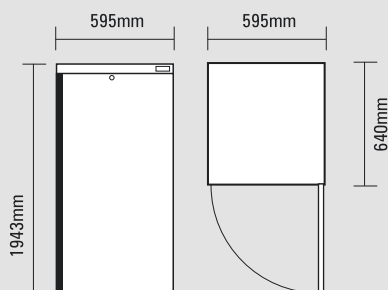

These Glass Door Static Upright Freezers are designed for the storage of frozen products.
These cabinets can be decalced. (additional charges apply - POA)

Standard Features:

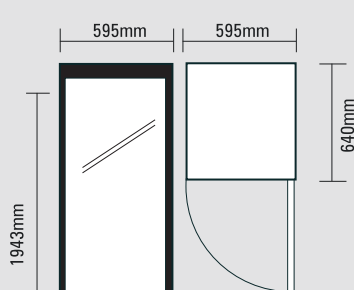

- Glass Door (double glazed)
- Durable fixed shelves
- Corrosion resistant outer body
- Adjustable temperature control (-14 to -19°C)
- Lockable castors
- High visual product lighting
- Fixed Shelves
